[5] **Generative AI as Collaborative Technology for ASHA Workers in Marginalized Communities**
Nimisha Karnatak, Max Van Kleek, Nigel Shadbolt.
Accepted at the Collaborative AI and Modeling of Humans Bridge at the Association for the Advancement of Artificial Intelligence **(AAAI 2024)** [Paper]

[6] **"Is it even giving the correct reading or not?": How Trust and Relationships Mediate Blood Pressure Management in India**
Nimisha Karnatak, Brooke Loughrin, Tiffany Kuo, Odeline Silvernail, Indrani Thies, Bill Thies, and Mohit Jain
Accepted paper at the Transactions on Human-Computer Interactions **(ACM TOCHI)**.[Paper]

[7] **Understanding the Technology-Mediated Home Phlebotomy Ecosystem in India**
Nimisha Karnatak*, Meghna Gupta* and Mohit Jain (* denotes equal authorship)
Accepted paper at the ACM Conference On Computer-Supported Cooperative Work And Social Computing **(CSCW 2024)** [Paper]

Selected Highlights

- Co-inventor on a U.S. patent application arising from research conducted at Google DeepMind.
- Nominated by the University of Oxford for the Google PhD Fellowship and the Apple Scholars in AI/ML PhD Fellowship through competitive university selection processes.
- Earlier research appointments at the International Labour Organization (ILO), Indian Space Research Organisation (ISRO), Indian School of Business (ISB), and IIT Roorkee, spanning women in AI, GIS analysis of flood-prone areas, digital-identity exclusion, and inclusive urban design, respectively.
